BEESWAX CANDLES

WHOLESALE CATALOG

HI THERE!

We are Jaden & Diane Hooley, and we offer pure handmade beeswax candles. He's a computer systems engineer, and she's a beeswax aficionado.

She started making beeswax candles in 2021 for her dad's business, and he was glad to try a 'real' candle that didn't stink.

WHY BEESWAX?

Beeswax is made by honeybees to build their home in the hive and store honey and pollen. Once the extra honey is extracted by the beekeeper, the empty honeycombs are melted, filtered, and poured into candle molds and vessels. It's that simple! There's no need to add artificial colors or fragrances to make it appealing, unlike soy or paraffin candles. It also burns brighter than any other wax, emits air-purifying negative ions, and diffuses the sweet scent of honey.

HOW DO
BEESWAX
CANDLES
HELP YOU?

Because we don't add any dyes or fragrances, you can experience the beauty of pure beeswax. Your air quality, eyesight, endocrine system, and nervous system will thank you!

We make our candles as affordable as possible, and each candle is handmade by us in our candle studio in Millersburg, Ohio. We use wooden or organic cotton wick and only source beeswax directly from American beekeepers.
